COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the Connecticut Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the Connecticut Advisory Committee to the Commission will convene at 10:00 a.m. and adjourn at 4:00 p.m. on February 11, 1999, at the Holiday Inn Hotel and Conference Center, 1070 Main Street, Bridgeport, Connecticut 06604. The Committee will (1) review the draft report, "Civil Rights Issues In Connecticut: A Summary Report of the 1997 Civil Rights Leadership Conference", (2) plan future activities; and (3) hold a briefing with local government officials and advocacy group representatives on civil rights issues in the Bridgeport area.

Persons desiring additional information, or planning a presentation to the Committee, should contact Committee Chairperson Neil Macy, 860-242-7287, or Ki-Taek Chun, Director of the Eastern Regional Office, 202-376-7533 (TDD 202-376-8116). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least ten (10) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, January 14, 1999.

[I.D. 011399B]

Notice of Availability of Final Environmental Impact Statement/ Environmental Impact Report and Habitat Conservation Plan/ Sustained Yield Plan for the Headwaters Forest Project

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce; Fish and Wildlife Service (FWS), Interior.

ACTION: Notice of availability.

SUMMARY: This notice announces the availability of a joint final Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) and Habitat Conservation Plan (HCP)/ Sustained Yield Plan (SYP) relating to several proposed actions by the Secretary of the Interior, FWS, NMFS, California Wildlife Conservation Board, the California Department of Forestry and Fire Protection (CDF), and the California Department of Fish and Game (CDFG), and alternatives to those actions intended to achieve the following: to protect, in accordance with the Federal and state Endangered Species Acts (ESAs), species listed as threatened or endangered under one or both of the ESAs; to provide permanent protection for the Headwaters Forest and Elk Head Springs Forest through their transfer into public ownership; to provide for sustained production of timber products, consistent with Federal and state laws, on lands owned by The Pacific Lumber Company and its wholly owned subsidiaries, Scotia Pacific Company, L.L.C., and Salmon Creek Corporation (hereafter collectively referred to as "PALCO"); and to reduce public controversy regarding PALCO's management of its timberlands, particularly the Headwaters Forest.

DATES: Decisions on the above actions will occur no sooner than February 22, 1999.

ADDRESSES: Comments regarding the final EIS/EIR or HCP should be addressed to Mr. Bruce Halstead, Field Supervisor, Fish and Wildlife Service, 1125 16th Street, Room 209, Arcata, CA 95521-5582. Written comments may be sent by facsimile to (707) 822-8411. Comments on the SYP may be mailed to Jon Munn, California Department of

Forestry and Fire Protection, State Headquarters, P.O. Box 944246, Sacramento, California 94244-2460. Please see Additional addresses in the SUPPLEMENTARY INFORMATION section for additional information on the availability of the final EIS/EIR, HCP, and SYP.

FOR FURTHER INFORMATION CONTACT: Bruce Halstead, FWS, (707) 822-7201, Craig Wingert, NMFS, (562) 980-4020, or Allen Robertson, CDF, (916) 657-0300.

SUPPLEMENTARY INFORMATION: The Secretary of the Interior, California Wildlife Conservation Board, FWS, NMFS, CDF, and CDFG propose the following actions: (1) Acquisition by the United States and the State of California from PALCO of the approximately 4,500-acre Headwaters Forest, which includes 2,700 acres of old-growth redwood trees, and the approximately 1,125-acre Elk Head Springs Forest, which includes about 425 acres of old-growth redwood trees; (2) funding by the United States and the State of California of the purchase of approximately 9,600 acres of Elk River Timber Company property, about 7,755 acres of which will be transferred to PALCO as part of the consideration to PALCO for the Headwaters and Elk Head Springs Forests, and 1,845 acres of which will be transferred to the United States and the State of California and preserved as a buffer for the Headwaters Forest. The combined area of the acquired Headwaters and Elk Head Springs Forests, plus the Elk River property to be transferred to the United States and the State of California, is approximately 7,500 acres; (3) payment by the United States and the State of California of \$300 million to PALCO as payment for the Headwaters and Elk Head Springs Forest, and up to \$80 million to the Elk River Timber Company as payment for the Elk River Property; (4) issuance by FWS and NMFS of Federal incidental take permits under section 10(a) of the Federal ESA covering take of threatened and endangered species on PALCO's timberlands based on an HCP that meets the requirements of the Federal ESA and other applicable laws and regulations; (5) approval by CDF of PALCO's SYP, including measures and plans addressing state-listed and federally listed species; (6) issuance by CDFG of a state incidental take permit that meets the requirements of the California ESA and other applicable laws and regulations; and (7) execution by CDFG of a streambed alteration agreement pursuant to Fish and Game Code, section 1600 to 1607.

On December 27, 1996, a notice was published in the **Federal Register** (61 FR 68285) announcing the intent to prepare a joint EIS/EIR on actions associated with the Headwaters transaction, including issuance of incidental take permits under the Federal ESA, and inviting comments on the scope of the EIS/EIR. Comments were received and considered and were reflected in the draft EIS/EIR. By a **Federal Register** notice dated July 14, 1998 (63 FR 39700), NMFS and FWS (the Services) announced the availability for public review and comment of applications for Federal incidental take permits filed by PALCO under section 10(a) of the Federal ESA. The applications include a proposed HCP and a proposed Implementation Agreement (IA) that addressed species conservation and ecosystem management on approximately 211,700 acres of land, primarily in the coastal redwood zone of Humboldt County, California, currently owned by PALCO or to be acquired as part of the Headwaters transaction. PALCO has requested permits to incidentally take six federally listed species: the northern spotted owl (*Strix occidentalis caurina*), marbled murrelet (*Brachyramphus marmoratus*), American peregrine falcon (*Falco peregrinus anatum*), bald eagle (*Haliaeetus leucocephalus*), western snowy plover (*Charadrius alexandrinus nivosus*), and coho salmon (*Oncorhynchus kisutch*) and requested that 30 currently proposed and other unlisted species be included on the permits.

The proposed HCP, among other things, was also intended to satisfy the requirements for a SYP under California state law and the requirements for an incidental take permit under section 2081(b) of the California ESA. In a subsequent September 23, 1998, **Federal Register** notice (63 FR 50883), the Services announced that the public comment period on PALCO's proposed HCP and SYP, scheduled to close on October 13, 1998, had been extended until November 16, 1998, to coincide with the public comment period on the draft EIS/EIR. The notice also advised the public of several additional provisions being considered by FWS, CDFG, and NMFS for inclusion in the incidental take permits as a result of the enactment of Assembly Bill 1986 by the California State Legislature. By a **Federal Register** notice dated October 2, 1998 (63 FR 53089), the Services announced the availability of the draft EIS/EIR for public review and comment.

The Services and CDF received approximately 18,000 comments on the HCP, SYP, and draft EIS/EIR. Changes

have been made to the documents in response to public comments, agency concerns, and the enactment of AB 1986. Nineteen species proposed for coverage under the HCP initially submitted by PALCO have been dropped, and additional measures to minimize and mitigate the impacts of take of the 17 remaining covered species and to improve monitoring and enforcement of the permits have been added. The species identified for permit coverage in the final proposed HCP include the 6 federally listed species named above, 3 of which are also listed under the California ESA, 1 species listed solely under the California ESA, and 10 species which are currently not listed under either Federal or California ESAs.

Other changes made to the HCP submitted by PALCO address mitigation for both terrestrial and aquatic covered species. With respect to the marbled murrelet, the final proposed HCP adds 270 acres to the Owl Creek Marbled Murrelet Conservation Area (MMCA) and 350 acres to the Grizzly Creek tract. The HCP also provides for protection of the Owl Creek MMCA for the life of the incidental take permits (ITPs), prohibits all timber harvest activities in the Grizzly Creek tract for a period of 5 years, and provides for protection of the Grizzly Creek tract as an MMCA for the life of the ITPs if necessary to avoid jeopardy to the marbled murrelet. The final proposed HCP also includes additional daily and seasonal restrictions on timber harvest activities to minimize impacts to the murrelet. Additional provisions to minimize impacts to the northern spotted owl and other terrestrial species have been included in the HCP.

With respect to the coho salmon and other covered aquatic species, the final proposed HCP requires measures including a 100-foot (30.5 meter) no cut buffer on all Class I streams and a 30-foot (9.1 meter) no cut buffer on all Class II streams pending completion of watershed analysis and a minimum 30-foot (9.1 meter) no cut buffer on Class I streams and a maximum 170-foot (51.8 meter) no cut buffer on Class I and Class II streams after watershed analysis has been completed. Additional measures designed to minimize impacts from mass wasting, wet weather road use, road construction and other activities, and to address cumulative impacts have also been included in the HCP.

Detailed monitoring plans have been developed and included in the final HCP that will assist FWS, NMFS, and CDFG in evaluating the effectiveness of the HCP's conservation and management measures and PALCO's

compliance with terms and conditions of the HCP. The IA also requires that PALCO fund an independent on-site HCP monitor approved by FWS, NMFS, and CDFG to oversee the company's compliance with the terms and conditions of the HCP.

The final EIS/EIR analyzes the environmental impacts of the HCP submitted by PALCO with the added minimization and mitigation measures summarized above and four alternatives to the HCP, including the "no action" alternative. The final EIS/EIR also analyzes the impacts of the SYP submitted by PALCO.

The final EIS/EIR is intended to accomplish the following: (1) Inform the public of the final proposed action and alternatives; (2) address public comments received during the comment period; (3) disclose the direct, indirect, and cumulative environmental effects of the final proposed action and each of the alternatives; and (4) indicate any irreversible commitment of resources that would result from implementation of the final proposed action.

This notice is provided pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, as implemented by the Council on Environmental Quality regulations (40 CFR parts 1500 through 1508).

BILLING CODE 3510-22-F

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 011499C]

Atlantic Tuna Fisheries; Public Hearings; Advisory Panel Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings and Advisory Panel meetings; request for comments.

SUMMARY: NMFS will hold 26 public hearings to receive comments from fishery participants and other members of the public regarding proposed regulations to implement the draft Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks (HMS FMP), and draft Amendment 1 to the Atlantic Billfish Fishery Management Plan (Billfish Amendment).

NMFS previously published Notices of Availability for the HMS FMP (63 FR 57093) and for the Billfish Amendment (63 FR 54433). NMFS extends the

comment period for the HMS FMP and reopens the comment period for the Billfish Amendment to coincide with the comment period on the forthcoming proposed rule.

To accommodate people unable to attend a hearing or wishing to provide additional comments, NMFS also solicits written comments on the proposed rule.

NMFS will hold consecutive meetings of the Atlantic Highly Migratory Species (HMS) and Billfish Advisory Panels (APs), with a half-day joint meeting, to discuss comments and advise NMFS on the HMS FMP and Billfish Amendment, respectively.

DATES: The HMS AP meeting will be held from 1:00 p.m. to 6:00 p.m. on Monday, February 22, from 8:00 a.m. to 6:00 p.m. on Tuesday, February 23, and from 8:00 a.m. to 1:00 p.m. on Wednesday, February 24. The Billfish AP meeting will be held from 8:00 a.m. to 6:00 p.m. on Thursday, February 25, and from 8:00 a.m. to 1:00 p.m. on Friday, February 26. A joint session of the HMS and Billfish APs will be held from 2:00 p.m. to 6:00 p.m. on Wednesday, February 24.

See **SUPPLEMENTARY INFORMATION** for dates, times, and locations of the public hearings. Written comments on the proposed rule must be received on or before March 4, 1999.

ADDRESSES: The APs will meet at the NOAA Science Center, 1301 East-West Highway, Silver Spring, Maryland 20910. Informational materials related to the AP meetings are available from Alicon Morgan, Highly Migratory Species Management Division, 1315 East-West Highway, Silver Spring, Maryland 20910.

See **SUPPLEMENTARY INFORMATION** for the public hearing locations. Written comments on the proposed rule should be sent to Rebecca Lent, Chief, Highly Migratory Species Management Division, Office of Sustainable Fisheries (F/SF1), National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. Clearly mark the outside of the envelope "FMP comments."

FOR FURTHER INFORMATION CONTACT: Alicon Morgan at 301-713-2347, or Sarah McLaughlin at 978-281-9146.

SUPPLEMENTARY INFORMATION: The proposed regulatory amendments, draft HMS FMP and draft Billfish Amendment that are the subject of the hearings are necessary to address requirements of the Magnuson-Stevens Fishery Conservation and Management Act, implement recommendations of the International Commission for the Conservation of Atlantic Tunas as

required by the Atlantic Tunas Convention Act, and consolidate existing regulations, organized by species, for the conservation and management of highly migratory species into one part of the Code of Federal Regulations (CFR), organized by theme, as part of the President's Regulatory Reinvention Initiative.

A complete description of the measures, and the purpose and need for the proposed actions, is contained in the proposed rule, to be published February 20, 1999 and is not repeated here. Copies of the proposed rule may be obtained by writing (see **ADDRESSES**) or calling one of the contact persons (see **FOR FURTHER INFORMATION CONTACT**).
