

subheadings are provided for convenience and for U.S. Customs purposes. The written description remains dispositive.

#### Determination

As a result of the determinations by the Department and the Commission that revocation of this antidumping finding would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping finding on pressure sensitive plastic tape from Italy. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rate in effect at the time of entry for all imports of subject merchandise. Pursuant to section 751(c)(6)(A)(iii) of the Act, any subsequent five-year review of this finding will be initiated not later than the fifth anniversary of the effective date of continuation of this finding.

Normally, the effective date of continuation of a finding, order, or suspension agreement will be the date of publication in the **Federal Register** of the Notice of Continuation. As provided in 19 CFR 351.218(f)(4), the Department normally will issue its determination to continue a finding, order, or suspended investigation not later than seven days after the date of publication in the **Federal Register** of the Commission's determination concluding the sunset review and immediately thereafter will publish its notice of continuation in the **Federal Register**. In the instant case, however, the Department's publication of the Notice of Continuation was delayed. The Department has explicitly indicated that the effective date of continuation of this finding is February 17, 1999, seven days after the date of publication in the **Federal Register** of the Commission's determination. As a result, pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this finding not later than January 2004.

Dated: September 17, 1999.

**Bernard T. Carreau,**

*Acting Assistant Secretary for Import Administration.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

#### Export Trade Certificate of Review

**AGENCY:** International Trade Administration, Commerce.

**ACTION:** Notice of revocation of Export Trade Certificate of Review No. 88-00011.

**SUMMARY:** The Secretary of Commerce issued an export trade certificate of review to Abdullah Diversified Marketing, Inc. ("ADMI"). Because this certificate holder has failed to file an annual report as required by law, the Secretary is revoking the certificate. This notice summarizes the notification letter sent to ADMI.

**FOR FURTHER INFORMATION CONTACT:** Morton Schnabel, Director, Office of Export Trading Company Affairs, International Trade Administration, 202/482-5131. This is not a toll-free number.

**SUPPLEMENTARY INFORMATION:** Title III of the Export Trading Company Act of 1982 ("the Act") (Pub. L. No. 97-290, 15 U.S.C. 4011-21) authorizes the Secretary of Commerce to issue export trade certificates of review. The regulations implementing Title III ("the Regulations") are found at 15 CFR part 325 (1999). Pursuant to this authority, a certificate of review was issued on October 19, 1988 to ADMI.

A certificate holder is required by law to submit to the Department of Commerce annual reports that update financial and other information relating to business activities covered by its certificate (Section 308 of the Act, 15 U.S.C. 4018, Section 325.14(a) of the Regulations, 15 CFR 325.14(a)). The annual report is due within 45 days after the anniversary date of the issuance of the certificate of review (Section 325.14(b) of the Regulations, 15 CFR 325.14(b)). Failure to submit a complete annual report may be the basis for revocation (Sections 325.10(a)(3) and 325.14(c) of the Regulations, 15 CFR 325.10(a)(3) and 325.14(c)).

On October 9, 1998, the Department of Commerce sent to ADMI a letter containing annual report questions with a reminder that its annual report was due on December 3, 1998. Additional reminders were sent on February 10, 1999 and on March 16, 1999. The Department has received no written response from ADMI to any of these letters.

On August 11, 1999, and in accordance with Section 325.10(c)(1) of the Regulations, (15 CFR 325.10 (c)(1)), the Department of Commerce sent a

letter by certified mail to notify ADMI that the Department was formally initiating the process to revoke its certificate for failure to file an annual report. In addition, a summary of this letter allowing ADMI thirty days to respond was published in the **Federal Register** on August 17, 1999 at 64 FR 44689. Pursuant to section 325.10(c)(2) of the Regulations (15 CFR 325.10 (c)(2)), the Department considers the failure of ADMI to respond to be an admission of the statements contained in the notification letter.

The Department has determined to revoke the certificate issued to ADMI for its failure to file an annual report. The Department has sent a letter, dated September 17, 1999, to notify ADMI of its determination. The revocation is effective thirty (30) days from the date of publication of this notice. Any person aggrieved by this decision may appeal to an appropriate U.S. district court within 30 days from the date on which this notice is published in the **Federal Register** (325.10(c)(4) and 325.11 of the Regulations, 15 CFR 324.10(c)(4) and 325.11 of the Regulations, 15 CFR 325.10(c)(4) and 325.11).

Dated: September 17, 1999.

[I.D. 091799D]

#### Notice of Intent To Prepare an Environmental Impact Statement To Allow Incidental Take of Multiple Species by Non-industrial Private Forest Landowners in Lewis County, Washington

**AGENCIES:** National Marine Fisheries Service, NOAA, Commerce; U.S. Fish and Wildlife Service, Interior.

**ACTION:** Notice of intent to conduct public scoping and prepare an environmental document.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), the U.S. Fish and Wildlife Service (FWS) and the National Marine Fisheries Service (NMFS) (collectively, the Services) are providing notice that they intend to gather information necessary

for the preparation of an Environmental Impact Statement (EIS). The EIS will analyze options for issuing permits to numerous landowners to potentially take federally listed species, under the provisions of section 10(a)(1)(B) and/or 10(a)(1)(A) of the Endangered Species Act (ESA). The EIS will address the impacts associated with the proposed action, and other alternatives for forest management by nonindustrial private landowners.

The Services are furnishing this notice to advise other agencies and the public of our intentions and to announce the scheduling of public meetings for scoping. The public is encouraged to attend a public meeting or provide written comments on the scope of the issues and potential alternatives to be included in the EIS.

**DATES:** Written comments regarding the scope of the EIS should be received on or before October 25, 1999. Public meetings will be held on September 22, and 23, 1999.

**ADDRESSES:** Written comments should be addressed to Mark Ostwald, FWS Habitat Conservation Planning Program, 510 Desmond Drive SE, Suite 101, Lacey, Washington 98503. Comments received will be available for public inspection by appointment during normal business hours (8 a.m. to 5 p.m., Monday through Friday) at the address above. Public meetings are scheduled to be held at the following locations and times: Lacey, Washington, on September 22, 1999, at the FWS/NMFS office on the St. Martins Campus at 510 Desmond Dr. SE (Sawyer Hall) from 3:00–5:00 pm and 6:30–8:30 pm; and in Chehalis, Washington on September 23, 1999, at Meeting Room #2, Lewis County Courthouse Annex, 345 West Main Street from 3:00–5:00 pm and 6:30–8:30 pm.

**FOR FURTHER INFORMATION CONTACT:** Mark Ostwald, FWS Habitat Conservation Planning Program, (360) 534-9330.

**SUPPLEMENTARY INFORMATION:** This multi-party planning effort would result in one Habitat Conservation Plan (Plan) and an EIS that addresses effects of issuing numerous permits to landowners engaged in forest management activities. The Plan is expected to include several options available for landowners toward achieving a specified desired future condition in Lewis County. It is expected that the Plan and the EIS would address these actions within the constraints of: (1) A specified portion of Lewis County; (2) a restricted number of individual permits; (3) a limited amount of total acreage included under each

permit; (4) a limited time frame; and (5) addressing a biologically based number of listed and unlisted species.

The Plan will evaluate the potential incidental take of several listed species, such as the northern spotted owl (*occidentalis caurina*) and bald eagle (*Haliaeetus leucocephalus*), which could occur as a result of timber harvest and related activities. The Plan will also likely address other unlisted fish and wildlife species. This effort is considered to be a pilot project to test the feasibility of addressing long term forest management practices and alternatives for many small landowners in Lewis County, relative to ESA regulations.

The Services are considering the use of incidental take permits under section 10(a)(1)(B) of the ESA, as well as potential use of Safe Harbor and/or Candidate Conservation Agreements under section 10(a)(1)(A). Options to link the Federal permit to State forest practices permitting processes will be explored. It is also intended that this Plan could be used in association with other incentives to encourage and retain sound stewardship of forest land for the long term.

This notice is provided pursuant to ESA and NEPA regulations. Through development of a joint EIS, this process would comply with the requirements of the Washington State Environmental Policy Act. The Services are soliciting public comments on this proposal and a full range of alternatives. As a further opportunity for interested persons to comment on these and other issues associated with this planning effort, scoping workshops have been scheduled (see **DATES** and **ADDRESSES**). Interested parties may contact FWS at the address listed to receive additional information, including maps for the workshop locations.

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), National Environmental Policy Act Regulations (40 CFR 1500–1508), other appropriate Federal laws and regulations, and policies and procedures of the Services for compliance with those regulations.

Dated: August 27, 1999.

#### **Notice of Intent to Prepare an Environmental Impact Statement Regarding Proposed Issuance of an Incidental Take Permit to the Washington Department of Fish and Wildlife for All Activities in the State of Washington Associated with Their Hydraulic Project Approval Program.**

**AGENCY:** National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Commerce; Fish and Wildlife Service, Interior.

**ACTION:** Notice of Intent to Conduct Public Scoping and Prepare an Environmental Impact Statement.

---

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), the National Marine Fisheries Service (NMFS) and the U.S. Fish and Wildlife Service (FWS) (collectively, the Services) intend to prepare an Environmental Impact Statement (EIS) related to the proposed issuance of an Incidental Take Permit (Permit) to the Washington Department of Fish and Wildlife (WDFW) for all activities in the State of Washington associated with their Hydraulic Project Approval (HPA) program. The proposed Permit would authorize take of Federally listed fish and shellfish species in accordance with the Endangered Species Act of 1973, as amended (ESA) and certain other unlisted fish and shellfish species should they be listed in the future. As required by the ESA, the applicant is preparing a Habitat Conservation Plan (Plan). The Permit application is related to the state-wide issuance of HPAs for activities that will alter the natural flow or bed of any salt or fresh waters of the State. The Services, with WDFW, are preparing the EIS as a joint document in
