**BILLING CODE 4162-20-P**

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

[Docket No. FR-4561-N-30]

**Notice of Submission of Proposed Information Collection to OMB; Multifamily Housing Service Coordinator Program**

**AGENCY:** Office of the Chief Information Officer, HUD.  
**ACTION:** Notice.

**SUMMARY:** The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

**DATES:** *Comments Due Date:* May 22, 2000.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB

approval number (2502-0447) and should be sent to: Joseph F. Lackey, Jr., OMB Desk Officer, Office of Management and Budget, Room 10235, New Executive Office Building, Washington, DC 20503.

**FOR FURTHER INFORMATION CONTACT:** Wayne Eddins, Reports Management Officer, Q, Department of Housing and Urban Development, 451 Seventh Street, Southwest, Washington, DC 20410; e-mail Wayne\_Eddins@HUD.gov; telephone (202) 708-2374. This is not a toll-free number. Copies of the proposed forms and other available documents submitted to OMB may be obtained from Mr. Eddins.

**SUPPLEMENTARY INFORMATION:** The Department has submitted the proposal for the collection of information, as described below, to OMB for review, as required by the Paperwork Reduction Act (44 U.S.C. Chapter 35). The Notice lists the following information (1) The title of the information collection proposal; (2) the office of the agency to collect the information; (3) the OMB approval number, if applicable; (4) the description of the need for the information and its proposed use; (5) the agency form number, if applicable; (6) what members of the public will be affected by the proposal; (7) how frequently information submissions will

be required; (8) an estimate of the total number of hours needed to prepare the information submission, including number of respondents, frequency of response, and hours of response; (9) whether the proposal is new, an extension, reinstatement, or revision of an information collection requirement; and (10) the name and telephone number of an agency official familiar with the proposal and of the OMB Desk Officer for the Department.

This Notice also lists the following information:

*Title of Proposal:* Multifamily Housing Service Coordinator Program.

*OMB Approval Number:* 2502-0447.

*Form Numbers:* HUD-92456, HUD-50080-SCMF, SF-269, SF-424, SF-424-B, HUD-2880, SF-LLL.

*Description of the Need for the Information and Its Proposed Use:* This package revises and reinstates information collection and reporting requirements for the Service Coordinator Program. It adds three new financial and performance reports, as well as a new grant application package.

*Respondents:* Business or other Not-for-profit, Not-for-profit institutions.

*Frequency of Submission:* Quarterly Semi-annually.

*Reporting Burden:*

	Number of respondents	x	Frequency of response	x	Hours per response	=	Burden hours
Reporting .....	4,060		9		.85		47,400

*Total Estimated Burden Hours:* 47,400.

*Status:* Reinstate with change.

**Authority:** Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: April 14, 2000.

**Wayne Eddins,**  
*Departmental Reports Management Officer, Office of the Chief Information Officer.*

**DEPARTMENT OF THE INTERIOR**

**Fish and Wildlife Service**

**Endangered and Threatened Species Permit Application**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of receipt of permit application and availability of Habitat Conservation Plan and Environmental Assessment.

**SUMMARY:** This notice advises the public that Magic Carpet Woods Association (Applicant) has applied to the Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). This notice is provided pursuant to section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*). The application has been assigned permit number TE 025433. The applicant requests a permit to authorize the incidental take associated with harassment (*i.e.*, harm) of the piping plover (*Charadrius melodus*) which is federally listed as endangered. The permit is requested for a period of 25 years. The take would occur as a result of residential construction adjacent to Lake Michigan in Leelanau Township, Leelanau County, Michigan.

The Service also announces the availability of a Habitat Conservation Plan (HCP), draft Implementing Agreement, and Draft Environmental Assessment (EA) for the incidental take

application. Copies of the application package may be obtained by making a request to the Regional Office address below. Requests must be submitted in writing to be processed. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act Regulations (40 CFR 1506.6).

**DATES:** Written comments on the permit application and HCP should be received on or before May 22, 2000.

**ADDRESSES:** Individuals wishing copies of the permit application, HCP, Implementing Agreement, or Draft EA, may contact the Service's Regional Office, Fort Snelling, Minnesota. The documents will also be available for public inspection, by appointment, during normal business hours at the Regional Office or the East Lansing Field Office. Written data or comments concerning the application, EA, or HCP should be submitted to the Regional Office. Please reference permit under TE-025433 in such comments.

U.S. Fish and Wildlife Service, 1 Federal Drive, Fort Snelling,

Minnesota 55111-4056, Telephone: 612/713-5343, Fax: 612/713-5292. Field Supervisor, U.S. Fish and Wildlife Service, East Lansing Field Office, 2651 Coolidge Rd., Suite 101, East Lansing, Michigan 48823-6316, Telephone: 517/351-6274.

**FOR FURTHER INFORMATION CONTACT:** Pete Fasbender, Regional HCP Coordinator, U.S. Fish and Wildlife Service, Fort Snelling, Minnesota, telephone 612/713-5343.

**SUPPLEMENTARY INFORMATION:** Under Section 9 of the Act and applicable federal regulations, the "taking" of a species listed as endangered or threatened is prohibited. However, the Service, under limited circumstances, may issue permits to "take" listed species, provided such take is incidental to, and not the purpose of, an otherwise lawful activity. Regulations governing permits for endangered species are promulgated in 50 CFR 17.22. Regulations governing permits for threatened species are promulgated in 50 CFR 17.32.

### Background

Piping plovers are sensitive to human disturbance and the effects of human activity throughout the Great Lakes and Atlantic Coast breeding range lead to its listing as an endangered species in 1985. Human activity remains the primary threat to the species survival in the Great Lakes region. The proposed residential development consists of 13 single family residences located within the forested portion of a 91 acre tract at the north end of Kehl Road in Leelanau Township, Leelanau County, Michigan (SW $\frac{1}{4}$ SE $\frac{1}{4}$ , SE $\frac{1}{4}$ SW $\frac{1}{4}$  Section 14, T32N R11W). Of the total 91 acre parcel proposed for development, a maximum of 3 acres may be potential piping plover habitat. The shoreline beach/dune area is an average of 85 feet wide (1999) and consists of equal portions of non-vegetated beach and vegetated low dunes with an abrupt edge along the forested area. The beach within the proposed development is not good nesting habitat and there are no records of piping plover nesting or other use on the property. Excellent nesting habitat occurs 0.5 mile west of the proposed development. Three and two pairs of piping plovers nested within Leelanau State Park in 1998 and 1999, respectively. Seven young plovers fledged in 1998, while seven hatched but disappeared prior to fledging in 1999. The Service believes the Applicant's property provides valuable foraging habitat for plovers nesting nearby. There is also potential for future plover nesting on the Applicant's

property if an expanded plover population exhibits variation in breeding habitat characteristics or natural forces alter current beach characteristics.

The open dune portion of the Applicant's property contains several hundred individual Pitcher's thistle (*Cirsium pitcheri*), a threatened plant species. Boardwalks may be constructed through the vegetated dunes, but otherwise the project will not result in any construction on or other physical alteration of the beach portion of the property. Construction of the proposed project would result in human activity along a section of beach presently associated with undeveloped land. The HCP provides conservation or protective measures which would minimize or avoid potential negative effects to piping plovers of the proposed development. Protective measures include seasonal restriction of human use of the beach, control of domestic animals and other wild or feral predators, control of garbage, and the presence of a piping plover steward during selected periods. Unregulated trespass of the proposed development is expected to be eliminated by the presence of residence owners. No critical habitat for listed species currently occurs on the project site. However its consideration as piping plover critical habitat is expected by June 2000. The Proposed Action consists of the issuance of an incidental take permit and implementation of the HCP, which includes measures to minimize or avoid impacts of the project on the piping plover. The EA considers four alternatives to the Proposed Action. We will evaluate the permit application, the HCP, and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act. If the requirements are met, the Service will issue a permit to Magic Carpet Woods Association for the incidental take of the piping plover from human activity associated with residential development on the Association property. The final permit decision will be made no sooner than 30 days from the date of this notice.

Dated: April 12, 2000.

## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

#### Availability of a Draft Environmental Assessment, Preliminary Finding of No Significant Impact, and Notice of Receipt of an Application for an Enhancement of Survival Permit by The Nature Conservancy, Virginia Chapter, To Administer a "Safe Harbor" Program in Southeast Virginia

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The Nature Conservancy, Virginia Chapter, (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an enhancement of survival permit (ESP) pursuant to Section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (Act). The proposed ESP would authorize the incidental take of a federally endangered species, the red-cockaded woodpecker, *Picoides borealis* (RCW). The permit would authorize incidental take only on land that is enrolled in the proposed Safe Harbor program. (See the **SUPPLEMENTARY INFORMATION** section below.)

The Service also announces the availability of a draft environmental assessment (EA) and safe harbor plan for the ESP application. Copies of the EA and/or safe harbor plan may be obtained by making a request to the Northeast Regional Office (see **ADDRESSES**). Requests must be in writing to be processed. This notice also advises the public that the Service has made a preliminary determination that issuing the ESP is not a major Federal action significantly affecting the quality of the human environment within the meaning of Section 102(2)(C) of the National Environmental Policy Act of 1969, as amended (NEPA). The Finding of No Significant Impact (FONSI) is based on information contained in the EA and the safe harbor plan. The final determination will be made no sooner than 30 days from the date of this notice. An excerpt of the FONSI appears in the **SUPPLEMENTARY INFORMATION** section of this notice. This notice is provided pursuant to Section 10(c) of the Act and NEPA Regulations (40 CFR 1506.6).

**DATES:** Written comments on the permit application, EA/FONSI, and safe harbor plan should be sent to the Service's Northeast Regional Office (see **ADDRESSES**) and should be received on or before May 22, 2000.

**ADDRESSES:** Persons wishing to review the application, safe harbor plan, and
