DEPARTMENT OF THE INTERIOR**Central Utah Project Completion Act**

AGENCY: Office of the Assistant Secretary—Water and Science, Department of the Interior.

ACTION: Notice of termination of a lease of the power privilege process for the Diamond Fork Area of the Central Utah Project.

SUMMARY: The process for non-federal development of hydroelectric power in the Diamond Fork area was established through a **Federal Register** Notice (FRN)

published December 19, 1994. The FRN announced the Department of Interior's (Interior) intent to issue a lease of power privilege in the Diamond Fork area, Utah.

The FRN presented background information, proposal content guidelines, information concerning the selection of a non-federal entity to develop hydroelectric power in the Diamond Fork area, and power purchasing and/or marketing considerations. The FRN also established a deadline for a potential lessee to enter into a lease with the United States as 5 years after notification of the selection of a potential lessee.

On May 1, 1995, two proposals were received in response to the FRN that specifically focused on CUP Diamond Fork System facilities. One proposal was submitted by the Western States Power Corporation and another by a joint partnership of the Strawberry Water Users Association (SWUA) and the Central Utah Water Conservancy District (CUWCD). The proposals were reviewed, and a recommendation was made, by a team consisting of individuals from the Bureau of Reclamation, Western Area Power Administration, Bonneville Power Administration, and the Army Corps of Engineers.

On May 1, 1996, Interior made notification of the selection of SWUA/CUWCD as the successful potential joint lessee for the Diamond Fork System lease of power privilege. This notification established the deadline for entering into a lease with the United States as May 1, 2001.

Since the deadline for entering into a lease has now passed and a lease has not been negotiated and executed, Interior has rescinded the selection of SWUA/CUWCD as the successful potential joint lessee and has terminated this lease of power privilege process for the Diamond Fork System.

BILLING CODE 6820-PE-M

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Notice of Intent To Prepare Comprehensive Conservation Plan and Environmental Assessment for Lost Trail National Wildlife Refuge, Marion, MT**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent.

SUMMARY: This notice advises that the U.S. Fish and Wildlife Service intends to gather information necessary to prepare a Comprehensive Conservation Plan and associated environmental documents for Lost Trail National Wildlife Refuge in northwestern Montana. Lost Trail National Wildlife Refuge manages the McGregor Meadows Wetland Protection Area in northwestern Montana. However, a CCP for this protected area will not be prepared concurrent with the CCP for Lost Trail MWR. The Service is furnishing this Notice in compliance with Service CCP policy to advise other agencies and the public of its intentions and to obtain suggestions and information on the scope of issues to be considered in the planning process.

DATES: Written comments should be received by July 30, 2001.

ADDRESSES: Comments and request for more information regarding Lost Trail MWR should be sent to Bernardo Garza, Planning Team Leader, Division of Planning, P.O. Box 25486, DFC, Denver, CO 80225.

FOR FURTHER INFORMATION CONTACT: Bernardo Garza, Planning Team Leader, Division of Planning, P.O. Box 25486, DFC, Denver, CO 80225 or Michael Spratt, Chief, Division of Planning, P.O. Box 25486, DFC, Denver, CO 80225.

SUPPLEMENTARY INFORMATION: The Service has initiated Comprehensive Conservation Planning for the Lost Trail National Wildlife Refuge near Marion, Montana.

Each National Wildlife Refuge has specific purposes for which it was established and for which legislation was enacted. Those purposes are used to develop and prioritize management goals and objectives within the National Wildlife Refuge System mission and to guide which public uses will occur on the Refuge. The planning process is a way for the Service and the public to evaluate management goals and objectives for the best possible conservation efforts of this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with each National Wildlife Refuge's establishing purposes and the mission of the National Wildlife Refuge System.

Lost Trail National Wildlife Refuge (approximately 9,300 acres) was established in August, 1999. This Refuge is located west-southwest of Kalispell and northwest of the town of Marion, Montana, in a long valley with Pleasant Valley Creek flowing south out of the south. The Refuge also encompasses the 160-acre Dahl Lake, a partially

drained shallow lacustrine system maintained by several watersheds.

The Service will conduct a comprehensive planning process that will provide opportunity for Tribal, State, and local governments, agencies, organizations, and the public to participate in issue scoping and public comment. The Service is requesting input for issues, concerns, ideas, and suggestions for the future management of Lost Trail National Wildlife Refuge in northwestern Montana. Anyone interested in providing input is invited to respond to the following three questions.

(1) What makes Lost Trail NWR special or unique for you?

(2) What problems or issues do you want to see addressed in the Comprehensive Conservation Plan?

(3) What improvements would you recommend for Lost Trail NWR?

The Service has provided the above questions for your optional use; you are not required to provide information to the Service. The Planning Team developed these questions to facilitate finding out more information about individuals issues and ideas concerning this Refuge. Comments received by the Planning Team will be used as part of the planning process; individual comments will not be referenced in our reports or directly responded to.

Opportunities will be given to the public to provide input at open houses and other public meetings to scope issues and concerns (schedules can be obtained from the Planning Team Leaders at the above addresses). Comments may also be submitted anytime during the planning process by writing to the above addresses. All information provided voluntarily by mail, phone, or at public meeting becomes part of the official public record (i.e., names, addresses, letters of comment, input recorded during meetings). If requested under the Freedom of Information Act by a private citizen or organization, the Service may provide information copies.

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), NEPA Regulations (40 CFR 1500–1508), and other appropriate Federal laws and regulations, and Service policies and procedures for compliance with those regulations. All comments received from individuals on Service Environmental Assessments and Environmental Impact Statements become part of the official public record. Requests for such comments will be handled in accordance with the

Freedom of Information Act, NEPA (40 CFR 1506.6(f)), and other Departmental and Service policy and procedures. When requested, the Service generally will provide comment letters with the names and addresses of the individuals who wrote the comments. However, the telephone number of the commenting individual will not be provided in response to such requests to the extent permissible by law. Additionally, public comment letters are not required to contain the commentator's name, address, or any other identifying information. Such comments may be submitted anonymously to the Service.

Dated: June 15, 2001.

John A. Blankenship,

Regional Director, Denver, Colorado.
