

(NEPA). Therefore, an Environmental Impact Statement is not required. However, it is the intent of the Service to revisit questions of potential significant environmental consequences in accordance with NEPA upon consideration of the implementation of site specific proposals called for and discussed in the final plan document.

ADDRESSES: A paper copy and/or a Compact Disk copy may be obtained by writing to: Mr. John Slown, Natural Resource Planner, Division of Refuges, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, NM 87103-1306.

SUPPLEMENTARY INFORMATION: It is Service policy to have all lands within the National Wildlife Refuge System managed in accordance with an approved CCP. The CCP guides management decisions and identifies refuge goals, long-range objectives, and strategies for achieving refuge purposes. The planning process has considered many elements, including habitat and wildlife management, habitat protection and acquisition, public and recreational uses, and cultural resources. Public input into this planning process has assisted in the development of these documents. The CCP will provide other agencies and the public with a clear understanding of the desired conditions for the Refuges and how the Service will implement management strategies.

The Service considered comments and advice generated in response to draft documents issued in November 1998. The Service is furnishing this notice in compliance with Service CCP policy to advise other agencies and the public of the availability of the final documents.

Dated: March 8, 2002.

Geoffrey L. Haskett,

Acting Regional Director.
