DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[AK-990-02-5101-ER-L016]

Notice of Availability of Trans-Alaska Pipeline System Right-of-Way Renewal Draft Environmental Impact Statement (DEIS), Announcement of Public Review Period and Hearings Schedule Including Subsistence-Related Hearings

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of DEIS, Announcement of Public Review Period and Hearings Schedule Including Subsistence-Related Hearings.

SUMMARY: The Bureau of Land Management (BLM) announces availability of the Trans-Alaska Pipeline System (TAPS) Right-of-Way Renewal Draft Environmental Impact Statement (DEIS). The current Right-of-Way expires in 2004. Three alternatives are considered in the DEIS: to renew the TAPS Right-of-Way for 30 years, to renew the Right-of-Way for less than 30 years, and to not renew the Right-of-Way. Appendix E of the Draft EIS indicates that each of the alternatives may affect subsistence activities. As required by section 810 of the Alaska National Interest Lands Conservation Act (ANILCA), BLM is evaluating the effects of the alternatives on subsistence uses and needs and is holding public hearings in the vicinity of the area involved.

BLM is closely cooperating with the State of Alaska in preparation of the DEIS and is coordinating all aspects of the renewal process within the purview of the inter-agency Joint Pipeline Office. BLM and the Alaska Department of Natural Resources will offer joint public hearings for the TAPS Renewal DEIS, ANILCA 810 Subsistence, and the State of Alaska Commissioner's Analysis and Proposed Determination. Although the meetings are being held jointly, commenters will be asked to state if they are addressing state or federal documents.

DATES: The DEIS will be available beginning July 5, 2002. The public will have 45 days to review and comment on the DEIS. The BLM will accept written comments on the DEIS postmarked by
