#### Notice of Availability of a Draft Environmental Impact Statement/ Environmental Impact Report on the Initial Stewardship Project for the South Bay Salt Ponds, San Francisco Bay, CA

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** The U.S. Fish and Wildlife Service and the California Department of Fish and Game are proposing an interim management strategy for 15,100 acres of former commercial salt ponds in south San Francisco Bay which will be utilized while a long-term restoration plan is developed and implemented. This Initial Stewardship Plan (ISP) would use existing and new water control structures to release any remaining saline pond waters to the Bay and to prevent further salt concentration by circulating waters through the ponds. The ponds are located at the Don Edwards San Francisco Bay National Wildlife Refuge and at the Eden Landing State Ecological Reserve.

A draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR), has been prepared jointly by the Service and the California Department of Fish and Game to analyze the impacts of the ISP and is available for public review. All comments received, including names and addresses, will become part of the official administrative record and may be made available to the public. The analyses provided in the draft EIS/EIR are intended to inform the public of our proposed action, alternatives, and

associated impacts; address public comments received during the scoping period for the draft EIS/EIR; disclose the direct, indirect, and cumulative environmental effects of the proposed action and each of the alternatives; and indicate any irreversible commitment of resources that would result from implementation of the proposed action.

Note that the draft EIS/EIR is being submitted for public review under separate Federal and State processes. The following addresses and due dates are applicable to the Federal NEPA review process.

**Public Meeting:** A public meeting to solicit comments on the draft Environmental Impact Statement will be held on February 4, 2004, from 7 p.m. to 9 p.m. at the Visitor Center of the Don Edwards San Francisco Bay NWR, #1 Marshlands Road, Fremont, California. Call (510) 792-0222 if directions are needed. Persons needing reasonable accommodations in order to attend and participate in this public meeting should contact the Refuge Manager at (510) 792-0222 sufficiently in advance of the meeting to allow time to process the request.

**DATES:** A public meeting to solicit comments on the draft Environmental Impact Statement will be held February 4, 2004, from 7 p.m. to 9 p.m. in Fremont, California.

For the Federal process, we will accept public comments until at least 45 days after the Environmental Protection Agency (EPA) publishes its corresponding notice, which sets the public comment deadline for our EIS. In accordance with NEPA, we have filed the EIS with EPA. Each Friday, EPA publishes a **Federal Register** notice that lists EISs received during the previous week. The EPA notice officially starts the public comment periods for these documents. Therefore, in accordance with that process, the EPA notice will announce the closing date for receipt of public comments on our EIS.

**ADDRESSES:** Public meeting location will be at the Visitor Center of the Don Edwards San Francisco Bay National

Wildlife Refuge, #1 Marshlands Road, Fremont, California.

Send comments to Refuge Manager, U.S. Fish and Wildlife Service, San Francisco Bay NWR Complex, P.O. Box 524, Newark, California 94560. Written comments may be sent by facsimile to (510) 792-5828 or by e-mail to [sfbaynwrc@r1.fws.gov](mailto:sfbaynwrc@r1.fws.gov).

#### FOR FURTHER INFORMATION CONTACT:
