BILLING CODE 4410-10-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4975-N-28]

Notice of Proposed Information Collection: Comment Request; Loan Servicing of All Three Coinsurance Programs; Section 221(d), Section 223(f), and Section 232

AGENCY: Office of the Assistant Secretary for Housing, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* October 25, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Wayne Eddins, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW., L'Enfant Building, Room 8202, Washington, DC 20410, telephone (202) 708-5221 (this is not a toll-free number) for copies of the proposed forms and other available information.

FOR FURTHER INFORMATION CONTACT:

Kimberly R. Munson, Policy and Participation Standards Division, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410, telephone number (202) 708-1320 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork

Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Loan Servicing of All Three Coinsurance Programs: Section 221(d), Section 223(f), and Section 232.

OMB Control Number, if applicable: 2502-0314.

Description of the need for the information and proposed use:

Information is needed to review and evaluate the financial, physical, and managerial adequacy of multifamily housing, retirement service centers, and nursing homes with multimillion dollar coinsured loans to minimize risks and to protect these assets and the Government's interest.

Agency form numbers, if applicable: Form HUD-9815.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The total annual burden hours is 2,257. The number of respondents is 11, and the average frequency of responses is 3, for a total of 33 annual responses. The estimated time to prepare, submit, and maintain the information is approximately 68.38 hours for each response.

Status of the proposed information collection: Extension of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: August 18, 2005.

Frank L. Davis,

General Deputy Assistant Secretary for Housing—Deputy Federal Housing Commissioner.

BILLING CODE 4210-27-P

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Delaware & Lehigh National Heritage Corridor Commission Meeting

AGENCY: Department of Interior; Office of the Secretary.

ACTION: Notice of meeting.

SUMMARY: This notice announces an upcoming meeting of the Delaware & Lehigh National Heritage Corridor Commission. Notice of this meeting is required under the Federal Advisory Committee Act (Pub. L. 92-463).

Meeting Date and Time: Friday, September 9, 2005-1:30 p.m. to 4 p.m.

ADDRESSES: Lehigh Valley Convention & Visitors Bureau, 2200 Avenue A, Bethlehem, PA 18017.

The agenda for the meeting will focus on implementation of the Management Action Plan for the Delaware and Lehigh National Heritage Corridor and State Heritage Park. The Commission was established to assist the Commonwealth of Pennsylvania and its political subdivisions in planning and implementing an integrated strategy for protecting and promoting cultural, historic and natural resources. The Commission reports to the Secretary of the Interior and to Congress.

SUPPLEMENTARY INFORMATION: The Delaware & Lehigh National Heritage Corridor Commission was established by Public Law 100-692, November 18, 1988 and extended through Public Law 105-355, November 13, 1998.

FOR FURTHER INFORMATION CONTACT: C. Allen Sachse, Executive Director, Delaware & Lehigh National Heritage Corridor Commission, 1 South Third Street, 8th Floor, Easton PA 18042, (610) 923-3548.

Dated: August 22, 2005.

C. Allen Sachse,

Executive Director, Delaware & Lehigh National Heritage Corridor Commission.

BILLING CODE 6820-PE-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Final Comprehensive Conservation Plan and Environmental Assessment for the Agassiz National Wildlife Refuge, Marshall County, MN

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service announces that the Final

Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) is available for Agassiz NWR, Minnesota.

The CCP was prepared pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969. Goals and objectives in the CCP describe how the agency intends to manage the refuge over the next 15 years.

ADDRESSES: Copies of the Final CCP are available on compact disk or hard copy. You may access and download a copy via the planning Web site at <http://www.fws.gov/midwest/planning/agassiz/index.html> or you may obtain a copy by writing to the following address: U.S. Fish and Wildlife Service, Agassiz National Wildlife Refuge, 22996 290th Street NE., Middle River, Minnesota 56737-9754.

FOR FURTHER INFORMATION CONTACT: Margaret Anderson at (218) 449-4115.

SUPPLEMENTARY INFORMATION: The Agassiz NWR, established in 1937, is located in the northwest corner of Minnesota at the juncture of the northern boreal forest, the eastern deciduous forest, and the tallgrass prairie. The Refuge's 61,500 acres are a key breeding ground for 17 species of ducks, as well as an important migration rest stop for waterfowl, but it is also noted for gray wolves, moose, and nesting Bald Eagles.

The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-668ee *et seq.*), requires a CCP. The purpose in developing CCPs is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife science, conservation, legal mandates, and Service policies. In addition to outlining broad management direction for conserving wildlife and their habitats, the CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update these CCPs at least every 15 years.

A major focus of the refuge for the next 15 years will be to manage a large area of uplands as a grassland/shrubland matrix. This action will increase critical native habitats that

have declined locally and in Minnesota over the past century, such as prairie grasslands, sedge meadow, and bur oak/savanna. Simultaneously, the Refuge will aim to reduce the area now taken over by lowland shrub, aspen/mixed hardwood, and cattail or phragmites-dominated marsh, which either have lower intrinsic value for wildlife or have simply become too abundant. In turn, these habitat shifts will help those wildlife species associated with the rarer habitats.

The Refuge proposes to restore a more natural sinuosity on two interior watercourses by lowering water levels in three pools. The loss of conifers in the Wilderness Area, possibly due to high water conditions, will also be studied.

Expanded public use opportunities include enhancing winter wildlife viewing with a designated, un-groomed cross-country/snowshoe/walking trail. New hunting opportunities to be provided include: archery/deer, muzzleloader/deer, and ruffed grouse hunting during and after the firearms/deer season; and a "youth" waterfowl hunt in the Farmed Pool area in conjunction with the state youth waterfowl hunt season and regulations.

Dated: June 21, 2005.

Robyn Thorson,

Regional Director, U.S. Fish and Wildlife Service, Fort Snelling, Minnesota.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Final Comprehensive Conservation Plan and Environmental Assessment for Squaw Creek National Wildlife Refuge (NWR), Mound City, MO

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the final Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) is available for Squaw Creek NWR, Mound City, Missouri. The CCP was prepared pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969, and using the preferred alternative, goals, and objectives, we describe how the Service intends to manage this refuge over the next 15 years.

ADDRESSES: Copies of the final CCP and EA are available on compact diskette or hard copy, you may obtain a copy by writing to: Squaw Creek National Wildlife Refuge, P.O. Box 158, Mound City, Missouri 64470 or you may access and download a copy at this Web site: <http://www.fws.gov/midwest/planning/squawcreek/index.html>.

FOR FURTHER INFORMATION CONTACT: Ron Bell at (660) 442-3187.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-668ee *et seq.*) requires the Service to develop a CCP for each National Wildlife Refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, the CCP identifies wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update these CCPs at least every 15 years in accordance with the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370d).

The planning process for Squaw Creek NWR began in 1999. Five management alternatives were considered. Alternative D, Optimizing Wildlife Habitat and Fish and Wildlife Populations With Enhanced Levels of Wildlife-dependent Recreation is the preferred alternative. This alternative seeks to maximize wildlife habitat and population management practices and opportunities without adversely impacting current levels of wildlife-dependent recreational opportunities. There will be no expansion of existing authorized boundaries.

The CCP identifies and increases wildlife-dependent recreational opportunities available to the public including: Initiating a managed spring snow goose hunt; investigating the potential for a fishing access area and a white-tailed deer hunt for physically challenged visitors; and enhancing trails for wildlife observation and
