

payment must be initiated. CBP must receive the settlement for the credit by the 15th working day in order to have the periodic monthly statement marked paid and treated as a timely payment.

The August 8, 2005 Notice (70 FR 45736) established monthly payment processing procedures that incorporated the changes regarding the extended time for payment of duties and fees, and the removal of entries from the Periodic Daily Statement after expiration of the 10-working-day period after release.

The process for entries scheduled for monthly payment, as of this date including the modifications made by this Notice, is as follows:

a. As entries are filed with CBP, the importer or its designated broker schedules them for monthly payment;

b. Those entries scheduled for monthly payment will appear on the Preliminary Periodic Daily Statement;

c. The importer or its designated broker processes entry summary presentation transactions for Periodic Daily Statements within 10 working days of the date of entry;

d. After summary information has been filed, the scheduled entries will appear on the Final Periodic Daily Statement;

e. Periodic Daily Statements scheduled for monthly payment will appear on the Preliminary Periodic Monthly Statement; CBP will generate the Preliminary Periodic Monthly Statement on the 11th working day of the month following the month in which the merchandise is either entered or released, whichever comes first, unless the importer or designated broker selects an earlier date;

f. On the 15th working day of the month, for Automated Clearing House (ACH) debit participants, CBP will transmit the debit authorizations for the periodic daily statements to the financial institution and the periodic monthly statement will be marked paid. The Final Periodic Monthly Statement will be generated by CBP and be transmitted to the importer or his designated broker. ACH Debit participants must ensure that the money amount identified on the Preliminary Monthly Statement is, in fact, available in their bank account by the 15th working day of the month.

g. CBP must receive the settlement for the credit by the 15th working day of the month in order to have the periodic monthly statement marked paid and treated as a timely payment. The Final Periodic Monthly Statement will be generated by CBP and be transmitted to the importer or his designated broker.

For both ACH Credit and ACH Debit participants, CBP will generate the Final

Periodic Monthly Statement on the night that payment is processed.

Participants should note that if they voluntarily remove an entry from a Periodic Daily Statement before expiration of the 10-working-day period after release, that entry may be placed on another Periodic Daily Statement falling within the same 10-working-day period. If, however, participants remove an entry from a Periodic Daily Statement after expiration of the 10-working-day period after release, the entry may be the subject of a claim for liquidated damages for late payment of estimated duties.

Suspension of Regulations

During the testing of the Periodic Monthly Statement process, CBP is suspending provisions in Parts 24, 141, 142, and 143 of the CBP Regulations (Title 19 Code of Federal Regulations) pertaining to financial, accounting, entry procedures, and deposit of estimated duties and fees. Absent any specified alternate procedure, the current regulations apply. All of the terms of the test and criteria for participation therein, as announced in the previous notices identified above, continue to be applicable unless changed by this notice.

Dated: January 12, 2006.

Jayson P. Ahern,

Assistant Commissioner, Office of Field Operations.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5045-N-03]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: January 20, 2006.

FOR FURTHER INFORMATION CONTACT:

Kathy Ezzell, Department of Housing and Urban Development, Room 7262, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or

call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: January 12, 2006.

Mark R. Johnston,

Acting Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Roanoke River National Wildlife Refuge, Bertie County, NC

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of decision and availability of record of decision for final comprehensive conservation plan and environmental impact statement.

SUMMARY: The Fish and Wildlife Service announces a notice of decision and availability of record of decision (ROD) for Roanoke River National Wildlife Refuge Final Comprehensive Conservation Plan (CCP) and Environmental Impact Statement (EIS). The refuge is in Bertie County, North Carolina. A thorough analysis of the environmental, social, and economic considerations was completed and presented in the Final CCP/EIS. The Final CCP/EIS was released to the public and a notice of availability was published in the **Federal Register** on October 31, 2005 (70 FR 62322). The ROD documents the selection of Alternative 3 (the Service-perferred alternative), which is represented by the Final CCP/EIS for the refuge. The ROD was signed by the Regional Director, U.S. Fish and Wildlife Service, Southeast Region, on January 12, 2006.

ADDRESSES: A copy of the ROD may be obtained from the Refuge Manager, Roanoke River National Wildlife Refuge, 114 West Water Street, Windsor, North Carolina 27983, or you may call the Refuge Manager at 252-794-3808. A

copy of the Final CCP/EIS is available at the following Web site: <http://southeast.fws.gov/planning>.

FOR FURTHER INFORMATION CONTACT: Refuge Manager, Roanoke River National Wildlife Refuge, 114 West Water Street, Windsor, North Carolina 27983; Telephone (252) 794-3808.

SUPPLEMENTARY INFORMATION: The following is a summary of the ROD, which selects Final CCP/EIS Alternative 3, for Roanoke river National Wildlife Refuge. The CCP/EIS provides management guidance that conserves refuge resources and facilitates compatible wildlife-dependent public use activities during the next 15 years.

The Service has selected as the preferred alternative, Alternative 3, which addresses key issues and conflicts identified during the planning process, and will best achieve the purposes and goals of the refuge, as well as the mission of the National Wildlife Refuge System. This decision includes the management goals, objectives, and strategies identified in the CCP/EIS Chapter III, the adoption of stipulations and mitigation measures identified in Chapter IV, and compatibility determinations in Appendix IX. The implementation of the CCP will occur over the next 15 years, depending on future staffing levels, funding, and willing sellers of land.

Factors Considered in Making the Decision

The decision was based on a thorough analysis of the environmental, social, and economic considerations presented in the Final CCP/EIS. During the decision-making phase of the CCP process, the Service reviewed and considered: The impacts identified in Chapter IV of the Draft and Final CCP/EIS; the results of various studies and surveys conducted in conjunction with the Draft and Final CCP/EIS; relevant issues, concerns, and opportunities; comments on the Draft and Final CCP/EIS; and other relevant factors, including the purposes for which the refuge was established and statutory and regulatory guidance.

Alternative 3 incorporates several components addressing a variety of needs, including fish and wildlife surveys, habitat restoration and protection, acquisition of lands within the approved acquisition boundary, and the six priority public uses of the National Wildlife Refuge System Improvement Act of 1997.

It is, however, the unique combination of these components that contributes the most to achieving the refuge's purposes and goals. Alternative

3 strengthens the monitoring of fish, wildlife, habitat, and public uses that will provide the means to better respond to rapidly changing conditions on the refuge. Alternative 3 was selected for implementation because it provides the greatest number of opportunities for the refuge to contribute to the fish, wildlife, and habitat needs of the Roanoke River watershed.

Authority: This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1977, Public Law 105-57.

Dated: November 30, 2005.

Cynthia K. Dohner,

Acting Regional Director.

BILLING CODE 4310-55-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of the Draft Comprehensive Conservation Plan and Environmental Assessment for St. Marks National Wildlife Refuge in Wakulla, Jefferson and Taylor Counties, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The Fish and Wildlife Service announces that a Draft Comprehensive Conservation Plan and Environmental Assessment for St. Marks National Wildlife Refuge are available for review and comment. The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a comprehensive conservation plan for each national wildlife refuge. The purpose in developing a comprehensive conservation plan is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, plans identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation.

DATES: Public meetings will be held in each county to present the plan to the public. Mailings, media releases, and

Web site postings will be the avenues to inform the public of the dates and times for the meetings. Individuals wishing to comment on the Draft Comprehensive Conservation Plan and Environmental Assessment for St. Marks National Wildlife Refuge should do so no later than March 21, 2006.

ADDRESSES: Requests for copies of the Draft Comprehensive Conservation Plan and Environmental Assessment should be addressed to Mary Morris, Natural Resource Planner, St. Marks National Wildlife Refuge, P.O. Box 68, St. Marks, Florida 32355; Telephone (850) 925-6121. The plan and environmental assessment may also be accessed and downloaded from the Service's Internet Web site

<http://southeast.fws.gov/planning/> or the refuge's Web site <http://saintmarks.fws.gov>. Comments on the draft plan may be submitted to the above address (attention: Mary Morris, Natural Resource Planner) or via electronic mail to Mary_Morris@fws.gov. Please include your name and return address in your Internet message. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home addresses from the record, which we will honor to the extent allowable by law.

SUPPLEMENTARY INFORMATION: Priority issues addressed in the draft plan include: habitat protection and land conservation; migratory birds; partnerships; fire and forest management; exotic, invasive and nuisance species; wildlife inventory and monitoring; imperiled species management; visitor services; funding and staffing; and wilderness and cultural resources protection.

The Service developed three alternatives for managing the refuge and chose Alternative 2 as the preferred alternative.

Alternatives

Alternative 1 represents no change from current management of the refuge. The most recent approved acquisition boundary expansion (2000) would allow for the acquisition and protection of 3,764 acres of land adjacent to the refuge. Habitat planning documents would be revised as staff resources allow. Currently, the State of Florida provides funding for the majority of exotic plant species control and supplies, but staff resources are used for an aggressive control program. Exotic animals are removed through the hunt program. A series of impoundments are
