General Provisions; Revised List of Migratory Birds

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: We, the Fish and Wildlife Service, are reopening the comment period for our proposed rule to revise the list of migratory birds protected by the Migratory Bird Treaty Act (MBTA) to allow interested persons additional time to prepare and submit comments.

DATES: We will consider all comments that we receive on or before December 29, 2006.

ADDRESSES: Submit your comments on this proposal in one of the following ways:

FOR FURTHER INFORMATION CONTACT: John L. Trapp, (703) 358–1714.

SUPPLEMENTARY INFORMATION: On August 24, 2006, we published in the **Federal Register** (71 FR 50194–50221) a proposed rule to revise the List of Migratory Birds by adding numerous species and removing numerous species. The proposed rule is available for online viewing or downloading at <http://www.fws.gov/migratorybirds/>.

Our reasons for proposing changes to the list include correcting previous

mistakes, including misspellings; adding species based on new evidence of occurrence in the United States or U.S. territories; removing species no longer known to occur within the United States; and changing names based on new taxonomy. The net increase of 140 species (152 added and 12 removed) would bring to 972 the total number of species protected by the MBTA (16 U.S.C. 703–711).

We regulate most aspects of the taking, possession, transportation, sale, purchase, barter, exportation, and importation of migratory birds. An accurate and up-to-date list of species protected by the MBTA is essential for regulatory purposes.

The comment period for the proposed rule ended October 23, 2006. We are reopening the comment period for an additional 15 days (see **DATES**) to allow interested persons additional time to prepare and submit comments. We will also consider all comments received between October 24, 2006 (the day after the close of the original comment period) and the date of this notice.

Dated: December 5, 2006.

David M. Verhey,

Acting Assistant Secretary for Fish and Wildlife and Parks.

pungens var. *pungens* habitat, and what areas should be included in the designations that were occupied at the time of listing that contain the features that are essential for the conservation of the species and why, and what areas that were not occupied at the time of listing are essential to the conservation of the species and why;
