

EFFECTIVE DATE: May 30, 2008.

FOR FURTHER INFORMATION CONTACT: Tyler Weinhold or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1121, or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION: The final determination in this investigation was published on April 11, 2008. See *Notice of Final Determination of Sales at Less Than Fair Value: Light-Walled Rectangular Pipe and Tube from Turkey*, 73 FR 19814 (April 11, 2008).

Scope of the Order

The merchandise subject to this order is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm. The term carbon-quality steel includes both carbon steel and alloy steel which contains only small amounts of alloying elements. Specifically, the term carbon-quality includes products in which none of the elements listed below exceeds the quantity by weight respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.15 percent vanadium, or 0.15 percent of zirconium. The description of carbon-quality is intended to identify carbon-quality products within the scope. The welded carbon-quality rectangular pipe and tube subject to this order is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7306.61.50.00 and 7306.61.70.60. While HTSUS subheadings are provided for convenience and Customs purposes, our written description of the scope of the order is dispositive.

Antidumping Duty Order

On May 23, 2008, in accordance with section 735(d) of the Tariff Act of 1930, as amended (the Act), the ITC notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of less-than-fair-value imports of light-walled rectangular pipe and tube from Turkey.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will

direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise for all relevant entries of light-walled rectangular pipe and tube from Turkey. These antidumping duties will be assessed on all entries of light-walled rectangular pipe and tube from Turkey entered, or withdrawn from warehouse, for consumption on or after January 30, 2008, the date on which the Department published its notice of preliminary determinations in the **Federal Register**. See *Notice of Preliminary Determination of Sales at Less Than Fair Value: Light-Walled Rectangular Pipe and Tube From Turkey*, 73 FR 5508 (January 30, 2008).

CBP officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below. The all-others rate applies to all manufacturers and exporters of subject merchandise not specifically listed.

The weighted-average dumping margins are as follows:

Producer/Exporter	Weighted-Average Margin (Percentage)
Güven Boru Profil Sanayii ve Ticaret Limited Sirketi	41.71
MMZ Onur Boru Profil Uretim San. ve Tic. A.S.	41.71
Anadolu Boru	41.71
Ayata Metal Industry	41.71
Goktas Tube/Goktas Metal	41.71
Kalibre Boru Sanayi ve Ticaret A.S.	41.71
Kerim Celik Mamulleri Imalat ve Ticaret	41.71
Ozgur Boru	41.71
Ozimak Makina ve Elektrik Sanayi	41.71
Seamless Steel Tube and Pipe Co. (Celbor)	41.71
Umransan Steel Pipe Inc. ...	41.71
Yusan Industries, Ltd. ...	41.71
Borusan Mannesmann Boru	27.04
Erbosan Erciyas Boru Sanayii ve Ticaret A.S.	27.04
Noksel Steel Pipe Co. ...	27.04
Ozborusan Boru San. ve Tic. A.S.	27.04
Ozdemir Boru Sanayi ve Ticaret Ltd. Sti.	27.04
Toscelik Profil ve Sac End. A.S.	27.04
Yucel Boru ve Profil Endustrisi A.S.	27.04

Producer/Exporter	Weighted-Average Margin (Percentage)
All Others	27.04

Pursuant to section 736(a) of the Act, this notice constitutes the antidumping duty order with respect to light-walled rectangular pipe and tube from Turkey. Interested parties may contact the Department's Central Records Unit, Room 1117 of the main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: May 27, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

RIN 0648-X112

Endangered and Threatened Species; Recovery Plans; Recovery Plan for the Northwest Atlantic Population of the Loggerhead Sea Turtle

AGENCIES: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce; Fish and Wildlife Service (USFWS), Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, NMFS and USFWS, announce the availability for public review of the draft Recovery Plan (Plan) for the Northwest Atlantic Population of the Loggerhead Sea Turtle (*Caretta caretta*). We are soliciting review and comment on the Plan from the public and all interested parties, including state and local governments, and national governments beyond the U.S. whose actions may contribute to the conservation and recovery of the loggerhead turtle in the Northwest Atlantic. We will consider all substantive comments received during the review period before submitting the Plan for final approval.

DATES: Comments on the draft Plan must be received by close of business on July 29, 2008.

ADDRESSES: Send comments by any one of the following methods.

(1) Electronic Submissions: Submit all electronic comments via e-mail to: seaturtle@fws.gov. Include in the subject line of the e-mail the following identifier: Comments on Northwest Atlantic Loggerhead Recovery Plan. Attachments to electronic comments will be accepted in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

(2) Mail: NMFS National Sea Turtle Coordinator, Attn: Draft Loggerhead Recovery Plan, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Room 13657, Silver Spring, MD 20910 or USFWS National Sea Turtle Coordinator, U.S. Fish and Wildlife Service, 6620 Southpoint Drive South, Suite 310, Jacksonville, FL 32216.

(3) Fax: 301-713-0376, Attn: NMFS National Sea Turtle Coordinator.

FOR FURTHER INFORMATION CONTACT: Barbara Schroeder (ph. 301-713-1401, fax 301-713-0376) or Sandy MacPherson (ph. 904-232-2580).

SUPPLEMENTARY INFORMATION:

Availability of the Draft Recovery Plan

Interested persons may obtain the Plan for review on the Internet at <http://www.nmfs.noaa.gov/pr/recovery/plans.htm> or <http://www.fws.gov/northflorida/SeaTurtles/loggerhead-recovery/default-loggerhead.htm> or by contacting Barbara Schroeder or Sandy MacPherson [see **FOR FURTHER INFORMATION CONTACT**].

Background

The Endangered Species Act of 1973 (15 U.S.C. 1531 *et seq.*) requires that NMFS and USFWS develop and implement recovery plans for the conservation and survival of threatened and endangered species under their jurisdiction, unless it is determined that such plans would not promote the conservation of the species. This Plan discusses the natural history, current status, and the known and potential threats to the loggerhead turtle in the Northwest Atlantic. The Plan lays out a recovery strategy to address the potential threats based on the best available science and includes recovery goals and criteria. The Plan is not a regulatory action, but presents guidance for use by agencies and interested parties to assist in the recovery of loggerhead turtles. The Plan identifies substantive actions needed to achieve recovery by addressing the threats to the

species. Recovery of loggerhead turtles in the Northwest Atlantic is a long-term effort and will require cooperation and coordination of Federal, state, and local government agencies, and the community, as well as international cooperation. NMFS and USFWS will consider all substantive comments and information presented during the public comment period in the course of finalizing this Plan.

Dated: May 20, 2008.

James H. Lecky,

Director, Office of Protected Resources, National Marine Service.

Dated: May 9, 2008.

Franklin J. Arnold III,

Acting Regional Director, Southeast Region, Fish and Wildlife Service.

RIN 0648-XI11

Pacific Fishery Management Council; Notice of Intent

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare an environmental impact statement (EIS); request for comments; preliminary notice of public scoping meetings.

SUMMARY: NMFS and the Pacific Fishery Management Council (Pacific Council) announce their intent to prepare an EIS in accordance with the National Environmental Policy Act (NEPA) of 1969 to analyze fishing conducted under the Pacific Coast Groundfish Fishery Management Plan.

DATES: Public scoping will be conducted through regular meetings of the Pacific Fishery Management Council and its advisory bodies. The Pacific Fishery Management Council is scheduled to consider actions and alternatives that are the subject of this proposed action at their June 8-13, 2008, meeting. The details of this and any other meetings related to this action will be announced in the **Federal Register**. Written comments will be accepted at the Pacific Council office through June 3, 2008.

ADDRESSES: You may submit comments, on issues and alternatives, identified by RIN: 0648-XI11 by any of the following methods:

- E-mail: 0910.EIS@noaa.gov. Include 0648-XI11 and enter "Scoping Comments" in the subject line of the message.

- Fax: 503-820-2299.

- Mail: Dr. Donald McIsaac, Pacific Fishery Management Council, 7700 NE Ambassador Pl., Suite 101, Portland, OR 97220.

FOR FURTHER INFORMATION CONTACT: Mr. John DeVore, Pacific Fishery Management Council, phone: 503-820-2280, fax: 503-820-2299 and email: john.devore@noaa.gov; or Kathe Hawe, NMFS Northwest Region NEPA Coordinator; phone: 206-526-6161 and email: Kathe.Hawe@noaa.gov.

Electronic Access

This **Federal Register** document is available on the Government Printing Office's Web site at:

www.gpoaccess.gov/fr/index/html.

SUPPLEMENTARY INFORMATION:

Background and Need for Agency Action

There are more than 90 species managed under the Pacific Coast Groundfish Fishery Management Plan (groundfish FMP), seven of which have been declared overfished. The groundfish stocks support an array of commercial, recreational, and Indian tribal fishing interests in state and federal waters off the coasts of Washington, Oregon, and California. In addition, groundfish are also harvested incidentally in non-groundfish fisheries, most notably, the trawl fisheries for pink shrimp, ridgeback prawns, California halibut, and sea cucumber.

The proposed action is needed to establish commercial and recreational harvests levels in 2009-2010 that will ensure groundfish stocks are maintained at, or restored to, sizes and structures that will produce the highest net benefit to the nation, while balancing environmental and social values.

The Proposed Action

The proposed action is to implement management measures consistent with the requirements of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) that constrain total fishing mortality during 2009-2010 within limits that maintain fish stocks at, or rebuild them to, a level capable of producing maximum sustained yield (MSY), or to a stock size less than this if such stock size results in long-term net benefit to the nation.

These fishing mortality limits are harvest specifications that include acceptable biological catches (ABCs) and optimum yields (OYs) for
