SUPPLEMENTARY INFORMATION:

I. Abstract

The Fish and Wildlife Service National Conservation Training Center in Shepherdstown, West Virginia, provides natural resource and other

professional training for Service employees, employees of other Federal agencies, and other affiliations, including State agencies, private individuals, not-for-profit organizations, and university personnel. FWS Form 3-2193 (Training Application) is a quick and easy method for prospective non-Department of the Interior students to request training. We encourage applicants to use FWS Form 3-2193 and to submit their requests electronically. However, we do not require applicants to complete both a training form required by their agency and FWS Form 3-2193. NCTC will accept any single training request as long as each submission identifies the name, address, and phone number of the applicant, sponsoring agency, class name, start date, and all required financial payment information.

NCTC uses data from the form to generate class rosters, class transcripts, and statistics, and as a budgeting tool for projecting training requirements. It is also used to track attendance, mandatory requirements, tuition, and invoicing for all NCTC-sponsored courses both on- and off-site.
