SUPPLEMENTARY INFORMATION:

I. Abstract

In March 2010, we requested that OMB approve, on an emergency basis, our request to collect information associated with a new grant program. We asked for emergency approval because of the necessity to spend program funds this fiscal year. OMB approved our request and assigned OMB Control No. 1018-0144, which expires September 30, 2010. We are going to ask OMB to extend the approval for this information collection for 3 years.

Section 8 of the Endangered Species Act (16 U.S.C. 1531-43) authorizes the establishment of the Wildlife Without Borders-Amphibians in Decline grant program to fund projects that conserve the world's rapidly declining amphibian species. This program will support activities that address threats to frogs, toads, salamanders, newts, and caecilians that face an unprecedented threat of extinction. Funding will be made available for conservation of species with native ranges in countries with the greatest need for conservation funding.

Applicants submit proposals for funding in response to a Notice of Funding Availability that we publish on

Grants.gov and the program web page. Applications consist of:

- (1) Cover page with basic project details (FWS Form 3-2338B).
- (2) Project summary and narrative.
- (3) Letter of appropriate government endorsement.
- (4) Brief curricula vitae for key project personnel.
- (5) Complete Standard Forms 424 and 424b (non-domestic applicants do not submit the standard forms).

Applications may also include, as appropriate, a copy of the organization's Negotiated Indirect Cost Rate Agreement (NIRCA) and any additional documentation supporting the proposed project.

All assistance awards under this program have a maximum reporting requirement of a:

- (1) Mid-term report (performance report and a financial status report) due within 30 days of the conclusion of the first half of the project period, and
- (2) Final report (performance and financial status report and copies of all deliverables, photographic documentation of the project and products resulting from the project) due within 90 days of the end of the performance period.
