**SUPPLEMENTARY INFORMATION:** Under a Safe Harbor Agreement, participating property owners voluntarily undertake management activities to enhance, restore, or maintain habitat benefiting species listed under the Act (16 U.S.C. 1531 *et seq.*). Safe Harbor Agreements encourage private and other non-Federal property owners to implement conservation efforts for listed species by assuring property owners, through enhancement of survival permits under section 10(a)(1)(A) of the Act, that they will not be subjected to increased property use restrictions as a result of increased target species abundance due to their efforts to improve conditions for listed species on their property. Application requirements and issuance criteria for enhancement of survival permits through Safe Harbor Agreements are found in 50 CFR 17.22 and 17.32.

The Applicant plans to conduct operation and maintenance activities associated with the Tres Rios Project, including, but not limited to, management of vegetation, roads, trails, water delivery systems, flood control capacity, and storm water facilities. The Tres Rios Project is a cooperative project between the Applicant and the U.S. Army Corps of Engineers to enhance and maintain 927 acres of Sonoran Desert and riparian biotic communities within and adjacent to the Salt River Channel from approximately 91st Avenue to the confluence with the Gila River, and within the Gila River Channel, from approximately the confluence with the Salt River to El Mirage Road, Phoenix, Arizona. The project area also includes the Hayfield Wetlands to the east.

The draft SHA and permit application are eligible for categorical exclusion under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4371 *et seq.*; NEPA), based upon completion of a NEPA screening form. Section 9 of the Act prohibits the “taking” of threatened or endangered species. However, the Service, under limited circumstances, may issue

permits to take threatened and endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities. We provide this notice under section 10(c) of the Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22), and NEPA and its implementing regulations (40 CFR 1506.6).
