SUPPLEMENTARY INFORMATION:**About the Advisory Group**

In accordance with NMBCA (Pub. L. 106–247, 114 Stat. 593, July 20, 2000), the Advisory Group typically meets once a year to discuss the strategic direction and management of the NMBCA program and provide advice to

the Director of the Fish and Wildlife Service.

About NMBCA

The Neotropical Migratory Bird Conservation Act of 2000 promotes long-term conservation of Neotropical migratory birds and their habitats through a competitive grants program by

promoting partnerships and local conservation efforts, and achieving habitat protection in 36 countries. The goals of NMBCA include perpetuating healthy bird populations, providing financial resources for bird conservation, and fostering international cooperation. Because the greatest conservation need is south of the U.S.

border, the Act requires that at least 75 percent of NMBCA funding supports projects outside the United States.

Project proposal due dates, application instructions, and eligibility requirements are available on the NMBCA Web site at <http://www.fws.gov/birdhabitat/Grants/NMBCA>.
