

operators must comply, fall under this OMB control number: (1) Development of an Airport Security Program (ASP) and submission to TSA; (2) submission of ASP amendments to TSA when applicable; (3) collection of data necessary to complete a criminal history records check (CHRC) for those individuals with unescorted access authority to a Security Identification Display Area (SIDA); (4) submission to TSA of identifying information about individuals to whom the airport operator has issued identification media, such as name, address, and country of birth, in order for TSA to conduct a Security Threat Assessment (STA); (5) information collection and recordkeeping requirements associated with airport operator compliance with Security Directives (SDs) issued pursuant to the regulation; and (6) watch list matching of individuals subject to TSA's regulatory requirements against government watch lists.

This information collection is mandatory for covered airport operators. As part of their security programs, covered airport operators are required to maintain and update, as necessary, records of compliance with the security program provisions set forth in 49 CFR part 1542. This regulation also requires covered airport operators to make their security programs and associated records available for inspection and copying by TSA to verify compliance with transportation security regulations.

As required by 49 CFR part 1542, covered airport operators must ensure that individuals seeking unescorted access authority submit information for and receive a CHRC. Also, covered airport operators must ensure that all individuals to whom it issues an airport

identification medium submit information so that TSA can conduct an STA. As part of this process, the individual must provide identifying information, including fingerprints. Additionally, airport operators must maintain these records and make them available to TSA for inspection and copying upon request.

TSA will continue to collect information to determine airport operator compliance with other requirements of 49 CFR part 1542. TSA estimates that there will be approximately 438 airport operator respondents to the information collection requirements described above, with a total annual burden estimate of approximately 1,618,268 hours. This is a difference from the 2016 ICR submission which had an annual burden of 1,657,102. The reduction is due to the number of airport operator respondents varying with the federalization and defederalization of airports.

Dated: August 31, 2017.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-HQ-IA-2017-0048; FXIA1671090000-156-FF09A30000]

Foreign Endangered Species; Issuance of Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permits.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have issued the following permits to conduct certain activities with endangered species, marine mammals, or both. We issue these permits under the Endangered Species Act (ESA).

ADDRESSES: Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents to the U.S. Fish and Wildlife Service, Division of Management Authority, Branch of Permits, MS: IA, 5275 Leesburg Pike, Falls Church, VA 22041; fax (703) 358-2281. To locate the **Federal Register** notice that announced our receipt of the application for each permit listed in this document, go to www.regulations.gov and search on the permit number provided in the tables in **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Joyce Russell, (703) 358-2023 (telephone); (703) 358-2281 (fax); or DMAFR@fws.gov (email).

SUPPLEMENTARY INFORMATION: On the dates below, as authorized by the provisions of the ESA, as amended (16 U.S.C. 1531 *et seq.*), we issued requested permits subject to certain conditions set forth therein. For each permit for an endangered species, we found that (1) the application was filed in good faith, (2) the granted permit would not operate to the disadvantage of the endangered species, and (3) the granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.
