Application for an Incidental Take Permit; Low-Effect Habitat Conservation Plan for the Four Corners Water Development Project, Pueblo of Santa Clara, Rio Arriba County, New Mexico; Reopening of Public Comment Period

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; reopening of public comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service, are reopening the public comment period for the incidental take permit (ITP) application received from the Pueblo of Santa Clara supported by a low-effect habitat conservation plan (LEHCP).

DATES: The comment period for the ITP application and associated documents, which opened via a notice that published on March 2, 2020 (85 FR 12324), is reopened. We will accept comments received or postmarked on or before May 15, 2020.

ADDRESSES: *Obtaining documents:* You may obtain copies of the ITP application, the LEHCP, or other related documents on the internet at <https://www.fws.gov/southwest/es/NewMexico/>.

Submitting comments: You may submit written comments by email to nmesfo@fws.gov. Please note that your comment is in reference to the Pueblo of Santa Clara HCP. For more information, see Public Availability of Comments.

FOR FURTHER INFORMATION CONTACT: Seth Willey, Acting Project Leader, 505–761–4781. Individuals who are hearing or speech impaired may call the Federal

Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), received an incidental take permit (ITP) application from the Pueblo of Santa Clara in accordance with the requirements of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). We announced the availability of the ITP application and associated low-effect habitat conservation plan (LEHCP) in a March 2, 2020 (85 FR 12324), **Federal Register** notice. For more information, see that notice.

We are reopening the public comment period on the ITP application and associated documents (see **DATES** and **ADDRESSES**). Based on comments submitted during the original public comment period, we identified an incomplete statement in the LEHCP regarding the land status of the well field. This statement has been corrected and clarified in the LEHCP on the following pages: Page i (Summary), page 2 (Section 1.1), page 4 (Section 1.5), page 9 (introduction paragraph to Section 3), page 19 (Section 4.1), and page 32 (Section I of Appendix A). No other changes were made to the document other than this clarification. If you have previously submitted comments, please do not resubmit them, we have already incorporated them in the public record and will fully consider them in our final decision.

Public Availability of Comments

All comments we receive become part of the public record associated with this action. Requests for copies of comments will be handled in accordance with the Freedom of Information Act, National Environmental Policy Act, and Service and Department of the Interior policies and procedures. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We issue this notice pursuant to section 10(c) of the ESA (16 U.S.C. 1531

et seq.) and its implementing regulations in the Code of Federal Regulations (50 CFR 17.22 and 17.32), and the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6 and 43 CFR 46.305).

Amy Lueders,

Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

National Environmental Policy Act Implementing Procedures for the Bureau of Land Management (516 DM 11)

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of revisions.

SUMMARY: This notice announces the establishment of a categorical exclusion (CX) for the Bureau of Land Management (BLM) as directed by the amendment of the Healthy Forests Restoration Act (HFRA) of 2003 by the Agriculture Improvement Act of 2018. This establishment revises BLM policies and procedures for compliance with the National Environmental Policy Act (NEPA), as amended; other statutes; Executive Order 11514, as amended; Executive Order 12114; and the Council on Environmental Quality's regulations. These CXs, as well as others established by Congress, as described below, will be incorporated into the Departmental Manual (DM) and will be added to the Department of the Interior's (Department) Electronic Library of Interior Policies (ELIPS).

DATES: The CXs will be incorporated into 516 DM 11 June 1, 2020.

ADDRESSES: The public will be able to review the revised DM on the Department's website at <http://www.doi.gov/nepa>. ELIPS is located at <https://www.doi.gov/elips>. The BLM's current procedures can be found at <https://elips.doi.gov/ELIPS/DocView.aspx?id=1721>.

FOR FURTHER INFORMATION CONTACT:

Heather Bernier, Acting Division Chief, Planning and Decision Support, Bureau of Land Management at (202) 912-7282, [insert address], or hbernier@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Heather Bernier. The FRS is available 24 hours a day, 7

days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM's NEPA procedures, located at Chapter 11 of Part 516 of the Departmental Manual (516 DM 11), were last updated August 14, 2007. The Agriculture Improvement Act of 2018 amended Title VI of the HFRA of 2003 (16 U.S.C. 6591 *et seq.*) to add Section 606. Section 606 directed development of a CX for specified covered vegetation management activities carried out to protect, restore, or improve habitat for greater sage-grouse or mule deer (HFRA, Section 606(b)(1)). Section 606 further provides the specific terms, actions, limitations, exclusions, and definitions of activities to be included in the CX established. As directed by this section, the BLM is to establish the CX that meets these same specific terms, actions, limitations, exclusions, and definitions; and to establish the CX within one year of the enactment of the legislation (by December 20, 2019). In addition, the BLM is taking the opportunity to incorporate into 516 DM 11 several other CXs established by Congress in recent years.

Because the CXs are established or directed by Congress, the BLM does not have the discretion to change their terms.

Below is the new text of Chapter 11, reflecting the statutorily established or directed CXs:

11.10 Categorical Exclusions Established or Directed by Statute

A. The Energy Policy Act of 2005 (Pub. L. 109-58) (42 U.S.C. 15942) established actions for categorical exclusion from NEPA analysis. Use of Energy Policy Act categorical exclusions does not require review for extraordinary circumstances. This is because these CXs are established by statute, and their application is governed by that statute. Section 390 of the Energy Policy Act of 2005 provides:

(a) NEPA Review.—Action by the Secretary of the Interior in managing the public lands, with respect to any of the activities described in subsection (b), shall be subject to a rebuttable presumption that the use of a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969 would apply if the activity is conducted pursuant to the Mineral Leasing Act for the purpose of exploration or development of oil or gas.

(b) Activities Described.—The activities referred to in subsection (a) are the following:
