

II. The Proposed No-Action Letter and Existing Processes

FinCEN currently provides the following forms of regulatory guidance or relief: (1) administrative rulings and (2) exceptive or exemptive relief, as described in Section II.B above. FinCEN is seeking comment on how the potential no-action letter process may complement existing processes.

(45) What criteria should distinguish a no-action letter request from an administrative ruling, or from exceptive or exemptive relief?

(46) What value or benefit does a no-action letter bring that is distinct from an administrative ruling, or from exceptive or exemptive relief?

(47) Are there improvements that could be made to FinCEN's existing processes for issuing administrative rulings or exceptive or exemptive relief?

(48) What sort of guidance would be helpful from FinCEN concerning administrative rulings or exceptive or exemptive relief?

IV. Regulatory Planning and Review

This ANPRM is not a significant regulatory action under Executive Order 12866. It has been reviewed by the Office of Management and Budget.

V. Conclusion

With this ANPRM, FinCEN requests input on whether FinCEN should implement a no-action letter process and, if so, how such a process should interact with existing forms of regulatory guidance and relief. FinCEN seeks input from the public on the questions set forth above, including from regulated parties; State, local, and Tribal governments; law enforcement; regulators; and any other interested parties.
