DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS–HQ–MB–2022–0139; FF07CAFB00/223/FXFR13350700001; OMB Control Number 1018–0146]

Agency Information Collection Activities; Depredation and Control Orders

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before November 22, 2022.

ADDRESSES: Send your comments on the information collection request (ICR) by one of the following methods (please reference 1018–0146 in the subject line of your comments):

- *Internet (preferred):* <https://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS–HQ–MB–2022–0139.

- *Email:* Info_Coll@fws.gov.
- *U.S. mail:* Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041–3803.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358–2503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA, 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us

assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Migratory Bird Treaty Act (MBTA; 16 U.S.C. 703 *et seq.*) implements four treaties concerning migratory birds signed by the United States with Canada, Mexico, Japan, and Russia. These treaties require that we preserve most U.S. species of birds, and prohibit activities involving migratory birds, except as authorized by regulation. Under the MBTA, it is unlawful to take, possess, import, export, transport, sell, purchase, barter—or offer for sale, purchase, or barter—migratory birds or their parts, nests, or eggs, except as authorized by regulation. This information collection is associated with our regulations that implement the MBTA. We collect information concerning depredation actions taken to determine the number of take of birds of each species each year and whether the control actions are likely to affect the populations of those species.

FWS Form 3–2436, “Depredation and Control Orders—Annual Reporting”

Regulations at 50 CFR 21 establish depredation orders and impose reporting and recordkeeping requirements. All persons or entities acting under depredation orders must provide an annual report. The capture and disposition of all non-target migratory birds, including Endangered, Threatened, or Candidate species must be reported on the Annual Report. In addition to the name, address, phone number, and email address of each person or entity operating under the Order, we collect the following information for each target and non-target species taken:

- Species taken,
- Number of birds taken,
- Months and years in which the birds were taken,
- State(s) and county(ies) in which the birds were taken,
- General purpose for which the birds were taken (such as for protection of agriculture, human health and safety, property, or natural resources), and
- Disposition of non-target species (released, sent to rehabilitation facilities, etc.).

We use the information to:

- Identify the person or entity acting under depredation orders;
- Assess the impact to non-target migratory birds or other species;
- Ensure that agencies and individuals operate in accordance with the terms, conditions, and purpose of the orders;

- Inform us as to whether there are areas in which control activities are concentrated and might be conducted more efficiently; and
- Help gauge the effectiveness of the following orders in mitigating order-specific related damages:
 - § 21.43—Depredation order for blackbirds, cowbirds, crows, grackles, and magpies;
 - § 21.44—Depredation order for horned larks, house finches, and white-crowned sparrows in California;
 - § 21.46—Depredation order for depredating California scrub jays and Steller’s jays in Washington and Oregon;
 - § 21.49—Control order for resident Canada geese at airports and military airfields;
 - § 21.50—Depredation order for resident Canada geese nests and eggs;
 - § 21.51—Depredation order for resident Canada geese at agricultural facilities;
 - § 21.52—Public health control order for resident Canada geese;
 - § 21.53—Control order for purple swamphens;
 - § 21.54—Control Order for Muscovy ducks in the United States;
 - § 21.55—Control order for invasive migratory birds in Hawaii;
 - § 21.60—Conservation Order for light geese; and
 - § 21.61—Population control of resident Canada geese.

Recordkeeping Requirements (50 CFR 13.48)

Persons and entities operating under these orders must keep accurate records to complete Forms 3–2436. The records of any taking must be legibly written or reproducible in English and maintained for 5 years after the persons or entities have ceased the activity authorized by this Order. Persons or entities who reside or are located in the United States and persons or entities conducting commercial activities in the United States who reside or are located outside the United States must maintain records at a location in the United States where the records are available for inspection.

Endangered, Threatened, and Candidate Species Take Report (50 CFR 21)

If attempts to trap any species under a depredation order injure a bird of a non-target species that is federally listed as endangered or threatened, or that is a candidate for listing, the bird must be delivered to a rehabilitator and must be reported by phone or email to the nearest Service Field Office or Special Agent. Capture and disposition of all non-target migratory birds must also be reported on the annual report.

Required Notifications (50 CFR 21)

- § 21.43—Report take of nontarget federally protected migratory birds to the nearest Service Field Office or Special Agent.
- § 21.49—Airports and military airfields or their agents must obtain authorization from landowners for all management activities conducted outside the airport or military airfield’s boundaries.
- § 21.49—Airports and military airfields or their agents must notify USFWS Ecological Service offices if control activities are proposed in or around occupied habitats.
- § 21.50—Registrants may conduct resident Canada goose nest and egg destruction activities at any time of year. Homeowners’ associations and local governments or their agents must obtain landowner consent prior to destroying nests and eggs on private property within the homeowners’ association or local government’s jurisdiction and be in compliance with all State and local laws and regulations.
- § 21.50—To protect certain species from being adversely affected by management actions, registrants must contact the Service if control activities are proposed in or around occupied habitats to discuss the proposed activity and ensure that implementation will not adversely affect protected species or their habitat.
- § 21.52—Information on birds carrying metal leg bands must be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1–800–327–BAND (or 2263). (U.S. Geological Survey OMB Control Number 1028–0082)
- § 21.52—Information on birds carrying metal leg bands must be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1–800–327–BAND (or 2263).
- § 21.52—Any State or Tribal employee or designated agent conducting such activities must promptly furnish whatever information is required concerning such activities to any such wildlife officer.
- § 21.52—To protect certain species from being adversely affected by management actions, registrants must contact the Service if control activities are proposed in or around occupied habitats to discuss the proposed activity and ensure that implementation will not adversely affect protected species or their habitat.
- § 21.53—Authorized individuals operating this regulation must immediately report the take of any other species protected under the Endangered

Species Act (ESA), the MBTA, or the Bald and Golden Eagle Protection Act to the nearest Ecological Services office of the Fish and Wildlife Service.

- § 21.54—Authorized individuals operating this order must immediately report the take of any species protected under the ESA, or any other bird species protected under the MBTA, to the Fish and Wildlife Service Ecological Services Office for the State or location in which the take occurred.

- § 21.54—Authorized individuals operating this order must obtain appropriate landowner permission before conducting activities authorized by this order.

- § 21.55—Authorized personnel must obtain authorization from landowners prior to conducting management activities authorized by this order.

- § 21.55—Authorized individuals operating this order must immediately report the take of any species protected under the ESA or MBTA within 72 hours the take to the Pacific Region Migratory Bird Permit Office in Portland, Oregon.

- § 21.61—Authorized individuals operating under this section must immediately report the take of any species protected under the Endangered Species Act to the Service.

Conservation Order for Light Geese (50 CFR 21.60)

We published a final Environmental Impact Statement on light goose management in June 2007 and reaffirmed § 21.60 in a final rule published on November 5, 2008 (73 FR 65926). Publication of this final rule now supersedes the Arctic Tundra Habitat Emergency Conservation Act which is no longer in effect. These regulations impose requirements on States and Tribes to keep annual records of activities carried out under the authority of the conservation order and submit an annual report summarizing activities conducted under the conservation order on or before September 15 of each year. Specifically, information must be collected on:

- The number of persons participating in the conservation order;
- The number of days people participated in the conservation order;
- The number of light geese shot and retrieved under the conservation order; and
- The number of light geese shot but not retrieved.

Conservation Order Participants—Provide Information to States (50 CFR 21.60)

Persons acting under the authority of the conservation order must permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted and must promptly furnish whatever information an officer requires concerning the operation.

Control and Management of Resident Canada Geese (50 CFR 20.21, 21.49, 21.50, 21.51, 21.52 and 21.61)

We use the information required in 50 CFR part 21, subpart E to monitor the status of resident Canada goose populations and to assess the impacts that this alternative regulatory strategy may have on resident Canada goose populations.

Except for the nest and egg depredation order, there is no specified form for providing the information. The nest and egg depredation order employs a web-based computer registration system with screens designed to collect the appropriate information.

Annual Report—Airport Control Order (50 CFR 21.49)

Airports and military airfields exercising the privileges granted by this section must:

- Submit information on birds carrying metal leg bands to the Bird Banding Laboratory (§ 21.49(d)(4)). OMB has approved this information collection under OMB Control No. 1028–0082. We use this information to track geographic movement and survival of individual birds.

- Submit an annual report summarizing activities, including the date and numbers and location of birds, nests, and eggs taken by December 31 (§ 21.49(d)(8)). We use this information to monitor the resident Canada goose populations in different areas of the country.

- Immediately report to the appropriate migratory bird office, the take of any species protected under the ESA (§ 21.49(d)(8)). This information ensures that the program does not exceed incidental take limits authorized under section 7 of the ESA. Further, to protect certain species from being adversely affected by management actions, registrants must notify USFWS Ecological Service offices if control activities are proposed in or around occupied habitats.

Nest and Egg Depredation Order (50 CFR 21.50)

Landowners operating under this order must:

- Register with the Service using our web-based registration system (<https://epermits.fws.gov/eRCGR>) (§ 21.50(d)(1)). Registration includes name of landowner, names of designated agents, location of management activities, and contact information. The registration is valid for 1 year; the registrant must renew the registration each year he or she wishes to take nests and eggs. To renew the registration, the registrant must review the information and certify that it is correct. If any information entered during initial registration has changed, the registrant only needs to enter the revised information. We use this information for enforcement purposes and to contact registrants when there are questions regarding their report information. We uploaded screen shots of the registration website and a copy of the User Guide as supplementary documents in ROCIS.

- Complete an annual report summarizing the date (month), numbers, and location of nests and eggs taken by October 31 (§ 21.50(d)(6)). We use this information to monitor the effectiveness of the program and the cumulative effect of the take of nests and eggs on various subpopulations of resident Canada goose populations in different areas of the country. We distribute reports of the numbers of nests and eggs taken, by State and county, annually to the States, Flyway Councils, and Service biologists for their use in determining allowable take by other methods, including hunting seasons. We now also include this information on the registration website.

- Immediately report to the appropriate migratory bird office, the take of any species protected under the ESA (§ 21.50(d)(8)). This information ensures that the program does not exceed incidental take limits authorized under section 7 of the ESA.

Agricultural Depredation Order (50 CFR 21.51)

- Authorized agricultural producers and their employees and agents must submit information on birds carrying metal leg bands to the Bird Banding Laboratory (§ 21.51(d)(5)). This information is used to track geographic movement and survival of individual birds. OMB has approved this information collection under OMB Control No. 1028–0082 (Interior—US Geological Survey).

- Recordkeeping Requirement (Private Sector Only)—Authorized agricultural producers must:

- Keep and maintain a log that indicates the date and number of birds killed and the date and number of nests and eggs taken under this authorization;
- Maintain the log for a period of 3 years (and records for 3 previous years of takings at all times thereafter); and
- Make the log and any related records available to Federal, State, or Tribal wildlife enforcement officers (§ 21.51(d)(8)).

• Reporting Requirement (States and Tribes Only)—States and Tribes must submit by December 31 an annual report summarizing activities, including the numbers of birds, nests, and eggs taken and county where taken (§ 21.51(d)(10)). We use this information to monitor the resident Canada goose populations in different areas of the country.

• Persons operating under this order must immediately report to the appropriate migratory bird office, the take of any species protected under the ESA (§ 21.51(d)(12)). This ensures that the program does not exceed incidental take limits authorized under section 7 of the ESA.

Public Health Control Order (50 CFR 21.52)

States and Tribes must:

• Submit information on birds carrying metal leg bands to the Bird Banding Laboratory (§ 21.52(e)(4)). This information is used to track geographic movement and survival of individual birds. OMB has approved this information collection under OMB Control No. 1028–0082.

• Promptly furnish whatever information is required concerning such activities to any Service special agent or refuge officer, State or Tribal wildlife or deputy wildlife agent, warden, protector, or other wildlife law enforcement officer (§ 21.52(e)(8)).

• Submit by December 31 an annual report summarizing activities, including the numbers and county of birds taken (§ 21.52(e)(9)). We use this information to monitor the resident Canada goose

populations in different areas of the country.

• Immediately report to the appropriate migratory bird office, the take of any species protected under the ESA (§ 21.52(e)(10)). This ensures that the program does not exceed incidental take limits authorized under section 7 of the ESA.

• Notify USFWS Ecological Service offices if control activities are proposed in or around occupied habitats (§ 21.52(e)(10)(iv) and (v)).

Population Control of Resident Canada Geese (50 CFR 21.61)

States and Tribes:

• May request approval for the population control program. Requests must include a discussion of the State’s or Tribe’s efforts to address its injurious situations or a discussion of the reasons why the methods authorized by these regulations are not feasible for dealing with, or applicable to, the injurious situations that require further action. Requests must provide detailed information of the injuries that continue, why the authorized methods have not worked, and why methods not utilized could not resolve the injuries (§ 21.61(d)). This information is necessary for us to access whether or not the program should be authorized.

• Must keep annual records of activities carried out under the authority of the program including:

- (1) The number of individuals participating in the program;
- (2) The number of days each individual participated in the program;
- (3) The total number of resident Canada geese shot and retrieved during the program; and
- (4) The number of resident Canada geese shot but not retrieved (§ 21.61(d)(7)).

We use this information, in conjunction with take under other methods and hunting seasons, to determine cumulative impacts on the various goose populations.

• Must submit by June 1 an annual report summarizing activities conducted

under the program and an assessment of the continuation of injuries (§ 21.61(d)(7)(iv)). We use this information to determine if we should continue to authorize program activities.

• Must provide by August 1 an annual estimate of the breeding population and distribution of resident Canada geese in their State (§ 21.61(h)). We use this information to monitor the impacts of this program, as well as other authorized activities, on the population and to determine if we should continue to authorize program activities.

Endangered or Threatened Species Take Report (50 CFR 21.51 and 21.61)

Persons operating under § 21.51 must immediately report the take of any species protected under the Endangered Species Act to the Service. States may not undertake any actions under § 21.61 if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under § 21.61 must immediately report the take of any species protected under the Endangered Species Act to the Service.

Title of Collection: Depredation and Control Orders Under 50 CFR 21.

OMB Control Number: 1018–0146.

Form Number: FWS Forms 3–2436.

Type of Review: Renewal without change of a currently approved collection.

Respondents/Affected Public: State and Federal wildlife damage management personnel, farmers, and individuals.

Respondent’s Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion for take reports and annually for annual reports.

Total Estimated Annual Nonhour Burden Cost: \$78,000 (each participating State/Tribe will incur for overhead costs (materials, printing, postage, etc.) associated with mailing surveys to conservation order participants).

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-R5-NWRS-2022-0114; FXRS1261050000/FF05RLNP00/223; OMB Control Number 1018-New]

Agency Information Collection Activities; Lenape National Wildlife Refuge Complex Mentored Hunt Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing a new information collection in use without an Office of Management and Budget (OMB) control number.

DATES: Interested persons are invited to submit comments on or before November 22, 2022.

ADDRESSES: Send your comments on the information collection request (ICR) by one of the following methods:

- *Internet (preferred):* <https://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R5-NWRS-2022-0114.

- *Email:* Info_Coll@fws.gov.
- *U.S. mail:* Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041-3803.

Please reference “OMB Control Number 1018–New Mentored Hunts” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358–2503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA, 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Service enters into agreements and partnerships with nonprofit groups to facilitate and formalize collaboration between the parties in support of mutual goals and objectives as authorized by:

- The Fish and Wildlife Act of 1956 (16 U.S.C. 742a–742j);
- The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–ee), as amended;
- The Refuge Recreation Act of 1962 (16 U.S.C. 460k *et seq.*), as amended;
- The Fish and Wildlife Coordination Act of 1934 (16 U.S.C. 661–667e), as amended; and
- The National Wildlife Refuge System Volunteer and Community Partnership Enhancement Act of 1998 (16 U.S.C. 742f), as amended.

Since 2014, the Lenape National Wildlife Refuge Complex, in partnership with the New Jersey Chapters of the National Wild Turkey Foundation (NWTf), jointly administers mentored hunts on an annual basis. The mentored hunts occur on refuge property, and many of the mentors come from NWTf. The partnership provides would-be hunters with an opportunity to experience hunting by learning from
